

OPEN WIDE®

Drain Opener

DESCRIPTION

OPEN WIDE can be used for slow running or completely clogged drains. A crystal drain opener which works faster than any liquid caustic or bleached-based openers and is more economical to use. Will not solidify in drains. Does not produce dangerous gases or fumes. Low heat formula makes **OPEN WIDE** safe for all plumbing, including toilets* and septic systems, when used as directed. Contains no metals and will not stain or discolor porcelain. **OPEN WIDE** will remove many organic stains in sinks, tubs, and toilets. Special ingredients neutralize odors within seconds. Opens most drains in minutes, yet is safe to leave in drain line overnight. Effervescent formula is self-dissolving and works through hot or cold standing water. Flush with hot water.

* Not for clogged toilet bowls

APPROVALS AND LISTINGS

Not applicable.

SPECIFIC USES

Use Cloroben **OPEN WIDE** for slow running or completely clogged drains. Can be used as a preventive maintenance product to keep drain free flowing and odor free.

SPECIFIC APPLICATIONS*

Safe for use on all plumbing fixtures, plastic pipe, and septic systems.

PHYSICAL PROPERTIES

Density:	1.20
pH:	10% solution = 14.0
Solubility in Water:	Appreciable: 42g/100cc of water at 0°C.
Odor:	Odorless
Appearance and color:	White to off-white granular solid

WARNINGS OR CAUTIONS

- Do not use **OPEN WIDE** before, with, mixed with, or after any other chemicals. May react violently with acids and bleach.
- Read all cautions and directions carefully before using this product.
- Store in a cool, dry area. Replace cap tightly and secure after use.
- Do not get in eyes, on skin, or on clothing. Wear eye protection and rubber gloves. Avoid contact with skin and eyes. Wash thoroughly after use.
- Avoid breathing dust, mist, spray or vapors. Use with adequate ventilation.
- DO NOT wear contact lenses.
- Do not take internally.
- Never add water to container, violent reaction will occur.
- Never use plunger or pressure device in plumbing which may contain **OPEN WIDE**.
- Rinse empty container before discarding.
- Store only in this container. Do not reuse empty container.
- Not for use in clogged toilet bowls, garbage disposals, dishwashers, or clothes washers.
- Do NOT use on aluminum or galvanized material, some floor coverings, wood, enameled or painted surfaces. Rinse immediately with water to minimize damage.

DIRECTIONS FOR USE

OPENING CLOGGED DRAINS: Remove drain strainer sieve and/or standing water from drain and drainage area. Add 2 oz. (4 Tbsp.) of **OPEN WIDE** directly to drain. Allow to work for at least 15 minutes or even overnight. Flush with hot water. If system is not completely restored, repeat application 1 time only.

PREVENTIVE MAINTENANCE AND ODOR CONTROL: Once a week remove drain strainer sieve and add 1 oz. (2 Tbsp.) directly to drain. Let stand for at least 1 hour before re-using drain. Flush thoroughly with hot water until clear. This will keep drains free flowing, clean and odor free.

BOWL CLEANER AND DEODORIZER: For stains in toilet bowls, add 1 oz. (2 Tbsp.) directly to standing water. Scrub with a brush. Let the chemical action work for 15 minutes. Flush twice. For hard to remove stains, repeat application. Rinse brush thoroughly in bowl water before storing. Not for use in clogged toilet bowls.
