

# AirSpray™

Spec Sheet #S000123  
June 2010

## Air Freshener

### DESCRIPTION

**Hercules AirSpray™** is an industrial strength odor eliminator. It is uniquely formulated to eliminate odors by combining with airborne odor molecules especially those associated with fuel oils, other petroleum products and septic odors. After combining with the offending molecules, **AirSpray** leaves a pleasant fresh air fragrance.

**AirSpray's** concentrated formulation requires only a light spray to be effective and can be applied anywhere odors are a problem.

**AirSpray** is also effective on smoking, cooking and animal odors.

Since **AirSpray** is a hand dispensed liquid, it contains no CFC's or other chlorinated ingredients.

### SIZES AND PACKING

### APPROVALS AND LISTINGS

Not applicable.

### SPECIFIC USES

Use **AirSpray** to remove offending odors. It is uniquely formulated to eliminate odors by combining with airborne odor molecules especially those associated with fuel oils, other petroleum products and septic odors.

### SPECIFIC APPLICATIONS\*

**AirSpray** may be used indoors or outdoors.

### PHYSICAL PROPERTIES

Solubility in water:	Complete
Specific Gravity:	1.00
Boiling Point:	212°F (100°C)
Appearance/color:	Clear Liquid
Odor:	Fresh air fragrance

### WARNINGS OR CAUTIONS

- Read all cautions and directions carefully before using product.
- **KEEP OUT OF REACH OF CHILDREN.**
- **DO NOT** take internally.
- Avoid eye contact.
- Keep from freezing.
- **WEATHER PRECAUTIONS:** As this is a water-based product it should not be exposed to freezing temperatures.

#### First Aid Instructions

- **INGESTION: DO NOT INDUCE VOMITING.** Seek medical attention immediately.
- **EYES:** Flush eyes with running water for 15 minutes. If irritation persists, seek medical attention immediately.
- **SKIN:** Wash with soap and water after handling.
- **INHALATION:** If discomfort is experienced from over exposure, remove to fresh air and seek medical attention immediately.

### DIRECTIONS FOR USE

For best results adjust the nozzle for a very fine mist, spraying as much area as possible.

In most cases objects should not be wetted with **AirSpray**. If it is desirable to spray an object, test a small area to be sure no damage, fading or running occurs.

For spill cleanup of small quantities of oils or other liquids, be sure to use **Hercules Blot-O™**, an excellent spill absorber.
