Quality Indoor Air Program

We all want clean, odor free air from the heating and air conditioning systems in our homes or buildings. At home, school, work, or play, the quality of the indoor air that we breathe affects the way we feel. The indoor air handler is the heart of the HVAC system. The air handler's cooling/heating coils, and condensate drain pan must be properly treated and maintained in order for it to supply clean, odor free, conditioned air to the home or building. ClenAir's Quality Indoor Air Program provides the products to treat the cooling/heating coils, condensate drain pan, and HVAC system air as it passes through the air handler. **Breathe Easy With ClenAir!**

ClenAir™ Sprays + PurCool® Drain Pan Treatment + HVAC Odor Block® = Quality Indoor Air

ClenAir™ Sprays

To deodorize and treat cooling/heating coils, condensate drain pans, and the inside of the air handler, spray surfaces with ClenAir Citrus, Cherry, or Unscented sprays. The active ingredient in these sprays safely eliminates the source of air handler odors and IAQ problems.

PurCool® Condensate Pan Treatment

Every A/C system from a window unit, to a mini split, to a commercial air handler has a condensate drain pan and drain line. Condensate drain pans collect water and dirt, and provide a breeding ground for slimes and other biological growths. These growths can cause drain clogs and damaging drain pan overflows, foul odors, and other indoor air quality problems. All A/C condensate drain pans should be treated at least annually. PurCool Pan Strips, PurCool Tablets, and PurCool Green Tabs & Mini Strips provide safe, economical drain pan treatment to prevent buildup & growths and keep drain pans clean, safe, free flowing, and odor free. Tablets can be used to shock and clean a fouled drain pan or can be added to the drain pan every month or two while PurCool Strips and PurCool Green use a time-release technology to provide up to six months of preventive treatment.

ClenAir HVAC Odor Block®

Odors and pollutants from foods, smoke, pets, chemicals, etc. are circulated throughout the building by the air handler. The HVAC Odor Block is installed in the air handler or return duct and treats the home or building air as it passes through the system air handler. The HVAC Odor Block inhibits mold and bacteria growth and safely eliminates airborne odors and indoor pollutants* from smoke, pets, food, chemicals, mold, mildew, musty air, bacteria, decay, fuel oil, and many others. Not an odor mask or cover-up, the HVAC Odor Block uses the time tested ClenAir odor eliminating technology that safely provides months of odor free, freshened air.

ClenAir HVAC Carbon Block™

Add-On Carbon Purifier for all HVAC Systems. Removes many indoor air pollutants, utilizing Carbon Z™.

**As tested and verified by an independent laboratory.*

Commercial
Odor-Block[®]

- Eliminates Odors & Improves Indoor Air Quality
- Unique Self Feeding Package Installs in Air Handler or Return Duct
- Treats All Home or Building Air through the HVAC System
- A True Odor Neutralizer – Not an Odor Mask or Cover-up
- Inhibits Mold & Bacteria Growth as Tested by an Independent Lab
- Commercial Duty Odor-Block includes Carbon ZTM, a special Blend of Activated Carbon for removal of VOC's & other Indoor Pollutants
- Residential HVAC Odor-Block treats up to 3 ton systems for 2 months
- Commercial HVAC Odor-Block treats 10 to 15 ton systems for 4 months

ClenAir HVAC Odor Block is not a perfume mask or cover-up. The unique ClenAir formula molecularly reacts with the airborne odor causing compounds and eliminates them and other indoor pollutants leaving clean, fresh, air behind. The HVAC Odor Block makes it easy to remove odors and improve the indoor air quality in the entire home or building by treating the air through the HVAC system.

Eliminates odors caused by mold, mildew, bacteria, pets, smoke, musty odors, water damage, chemicals, animal decay, stale air, garbage areas, sewer gases, skunks, and more!

Use in A/C Units, Furnaces, Rooftop Units, Fan Coil Units, and Air Handlers.

Indoor Air Quality - Odor Neutralizers

New Mini Tubs

**Now Available in 3
Fragrances, ClenAir Regular,
Orange & Cherry**

The Original ClenAir™ Odor Neutralizer

ClenAir's unique odor neutralizing formula removes odors quickly and permanently. Originally designed for use in central air systems, on fire and flood restoration jobs and in sewage facilities, ClenAir is a professional product, yet it leaves no lingering antiseptic or perfume smell. Use ClenAir gel to combat stubborn odors, even those that have built up over time like cigarette odor or pet odors. Simply place the gel near the source of the odor or in the return duct of your central air system. The best product available for musty basements. Great for smoke and water damage as well as pet odors. Used by heating and air conditioning technicians, professional duct cleaners, janitors and property management.

ClenAir Is An Odor Neutralizer Not A Mask!

CherryAir® Odor Neutralizer

CherryAir Odor Neutralizer removes odors quickly and permanently leaving a pleasant Cherry fragrance behind. Using unique ClenAir odor neutralizing technology, Cherry-Air is a true odor eliminator - not an odor mask like many scented products. Cherry-Air attacks odors caused by fuel oil, smoke, pets, mold and mildew, cigarette and cigar smoke, decay, cleaning solvents, and even skunks!

ClenAir Liquid Formula

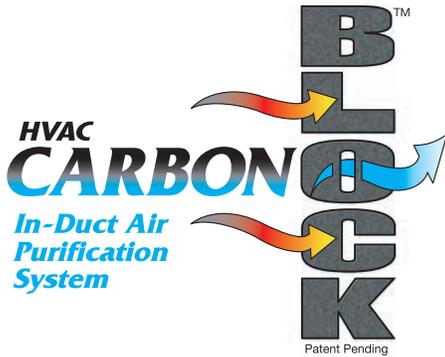

Liquid ClenAir is a fast acting deodorizing product. Eliminates odors via an oxidation process while leaving a fresh scent. Applications include HVACR equipment including evaporator coils, duct work, condensate pans, refrigeration cases, reach-ins, and walk-in boxes. Also can pour down drains, garbage disposals and in trash cans. Spray in restrooms, locker rooms and on fouled carpeting, upholstery. Used by hospitals, nursing homes, HVACR technicians.

- Ammonia
- Solvents
- Alcohol
- Acetone
- Printer Gases
- VOC's
- Smog
- Mildew
- Hospital Odors

ClenHands, Orange Smoothie™, Orange Crush™ & Cherry Crush™

Both are premium antimicrobial citrus-based hand cleaners that quickly dissolve dirt, grease, fuel oil, pipe dope, resin, ink, paint, glue, rubber gasket and tile cements and many other hard-to-remove soils. ClenHands Orange Smoothie is a smooth non-pumice formula while ClenHands Orange Crush is enhanced with fine-ground American pumice. Both citrus lotion hand cleaners are formulated with 9 skin care ingredients including aloe, jojoba, glycerin, wheat germ extract, almond oil, soy oil and vitamins A, C and E to help protect hands. ClenHands Cherry Crush is a cherry-scented antimicrobial hand cleaner with pumice. It quickly dissolves dirt, grease, fuel oil, pipe dope, resin, ink, paint, glue, rubber gasket and tile cements and many other hard-to-remove soils. ClenHands Cherry Crush is formulated with 10 skin care ingredients including which include all of the above ingredients PLUS lanolin. Biodegradable, VOC- compliant in all states, use recyclable packaging and have no petroleum solvents. For use with or without water.

**Includes Up To 10
Skin Care Ingredients**

PurCool® Strips

Powerful, Economical, Preventative Maintenance For A/C Condensate Drain Pans

Never Clean A Pan Again!

- Prevents Drain Pan Overflows
- Helps Prevent Drain Pan Corrosion
- Long Lasting - Up To 6 Months!
- Eliminates Foul Drain Pan Odors
- Maintains Free Flowing Drains
- Improves IAQ

Eliminates Foul Drain Pan Odors and Prevents Slime and Sludge

PurCool Strips keep A/C and refrigeration condensate drain pans clean and free flowing. Use PurCool Strips to prevent condensate drain clogs, costly overflows, and corrosion. Just place them anywhere in the drain pan where the PurCool Strip will contact the condensate water and enjoy up to six months of economical protection. PurCool Strips will adhere to the drain pan and will not float or move. Dissolves completely - No Residue. Safe for Metal & Plastic Drain Pans.

PurCool® Green Mini Strip

Green Product for Condensate Pan Treatment for Mini Splits. Prevents Drain Pan Overflows... Naturally!

ENVIRONMENTALLY FRIENDLY

1- Mini Strip Treats Up To 5 Tons. Prevents Slime, Sludge, Odors & Overflows. For prevention of drain pan fouling & overflow in mini splits, fan coil units, "A" coils, window units, and other tight drain pan applications. Mini Strips can be cut and used with multiple evaporators. Time release formula completely dissolves - leaves no residue. Utilizes unique plant based suspending and dispersing action to prevent blockages from slime & sludge. Lasts up to 6 months!

PurCool Mini Strip 1-Strip PCG5MS / Nu-Calgon#61044

PurCool® Green Tablet

Green Product for Condensate Pan Treatment. Prevents Drain Pan Overflows... Naturally!

1- Tablet Treats Up To 5 Tons. Prevents Slime, Sludge, Odors & Overflows. Time release formula adheres to pan and completely dissolves - Will not float, leaves no residue. Utilizes unique plant based suspending and dispersing action to prevent blockages from slime & sludge. Use multiple tablets for larger systems. Lasts up to 6 months!

PurCool Green Tablets 1 Tablet PCG5T / Nu-Calgon#61051
PurCool Green Tablets Bulk PCG5T-100 / Nu-Calgon#61052

PurCool® Green Commercial Strips

Green product to prevent slime, sludge, odors, and overflows in commercial air handler condensate pans. Time release formula adheres to pan and fully dissolves over time - No housing or sock to remove. Unique green formula utilizes plant based suspending and dispersing action to keep drain pans clean and free flowing. Lasts up to 6 months.

PurCool Commercial Strip 10 Ton PCG10T / Nu-Calgon#61045
PurCool Commercial Strip 30 Ton PCG30T / Nu-Calgon#61046

PurCool® Condensate Pan Treatment Tablets

PurCool Tablets utilize a powerful formulation to keep condensate drain pans clean and free flowing. PurCool Tablets eliminate problems caused by plugged condensate drain pans and drain lines. Use PurCool Tablets to remove sludge and slime in A/C condensate pans to prevent overflows and the costly water damage caused by such overflows. PurCool Tablets will control clogs, build-up, odors, corrosion in drain pans, and condensate pumps, and humidifiers. Approved for computer room humidifiers. They are completely soluble in water and biodegradable. They will not leave any deposits on surfaces.

A/C Drain Sucker™ Humidifier Parts & Spaceguard Media

A/C Drain Sucker™

A/C Condensate Drain Clog Repair & Treatment Kit
Repairs Drain Pan Overflows in Minutes!
Clears Clogged A/C Drain Pans Easily from Outside!
Provides Suction or Pressure to Clear Clogged Drains!

A/C condensate drain pan overflows are a very common and costly service problem. The overflows are caused by slime and sludge that builds up and clogs the drain line. The A/C Drain Sucker quickly removes the clog and the excess water, resolving the overflow problem. The kit includes PurCool® Shock Tablets to clean and treat the remaining slime and sludge in the pan and lines, and a PurCool® Pan Strip to provide months of preventive treatment and free flowing drains, and all fittings & hoses for suction or pressure applications.

A/C Drain Sucker Kit CADS1/Nu-Calgon#61308

Universal Humidifier Panel™ Replacements

ClenAir Universal Humidifier Panels provide optimum moisture output, performance, and durability. They replace Aprilaire, Honeywell, Carrier, Bryant, Lennox, ICP, and others. Made from quality materials in the USA.

Panels: CA10/Nu-Calgon#61250 - CA12/Nu-Calgon#61251 - CA35/Nu-Calgon#61252

24 Volt Humidifier Solenoid Valve Assembly

Replaces Aprilaire #4040 & Honeywell #32001639-002.

Valve: CA4040 / Nu-Calgon#61253

Ultra Upgrade Humidifier Panel™ Replacements

Provide increased moisture output and reduce water waste. They replace Aprilaire, Honeywell, Carrier, Bryant, Lennox, ICP, and others. Made from quality materials in the USA.

Reduces Water & Energy Use & Improves Indoor Comfort!

- Special water panel material retains water and increases humidity output
- Reduces water use and waste by up to 50%
- A smart upgrade to any humidifier system

Panels: CA10UP/Nu-Calgon#61254 - CA35UP/Nu-Calgon#61255

Penetroil™ - Super Penetrating Lubricant

Frees Rusted Metal Parts

Loosens rusted and frozen metal parts — Guaranteed! Penetroil frees stuck fan blades, blower shafts, pulleys, rusted nuts and bolts — any frozen, rusted, or seized metal part! New low surface tension penetrant creeps into the smallest spaces and breaks and dissolves the bonds of rust and corrosion. Saves time and labor. Lubricates and protects metals. Dielectric strength 50,000 volts. For Industrial and Professional Use Only.

Penetroil is specially formulated with new low surface tension technology to creep into the smallest cracks, crevices, seams, or threads of rusted, seized, and corroded parts to quickly dissolve the bonds of rust, corrosion, carbon deposits, gums, varnishes, and grease to free the metal parts. Penetroil displaces water and leaves a lubricating film to protect metal parts and prevent rust and corrosion. Super penetrating formula creeps into spaces as small as one millionth of an inch! **Results Are Amazing!**

Smoke Signal Products Provide a Reliable, Inexpensive & Professional Test for Complying with NFPA Standards

Smoke Signal™ Smoke Candles

Smoke Signal generates smoke by chemical reaction eliminating costly equipment and time to pinpoint leaks. Smoke tests will effectively and inexpensively reveal leaks in heating and air conditioning duct work, furnaces, fire boxes, exhaust fans and smoke detectors. Smoke Signal is also excellent for observing air flow patterns, evaluating exhaust systems and testing smoke detectors. Smoke Signal items contain no explosive materials.

Quickly Test:
