

**Pocket Extension Alligator
Model
PALI**

**Professional-grade
Instruments for field service.**

**Extendable
match
holder**

The PAL1 pocket extension alligator is an alligator clip on the end of a telescopic rod. It extends to over two feet to give you easy access to the pilot light.

Features

- Telescopes between 6" and 25 1/4".
- Clips to your pocket just like a pen.
- 1/4" alligator clip opening.

Operator's Guide

SAFER AND EASIER PILOT LIGHTING

Give yourself extra room when lighting the pilot. You can use the PAL1 to get to the pilot light two feet away. Just hold a lit match in the alligator clip and light the pilot from a distance.
