

WiserAir

The smart thermostat, made Wiser.

Sleek, Intuitive Design

A familiar touchscreen display makes interaction simple and keeps homeowners informed while Wiser Pulse gives off a soft glow that indicates how the system is running.

Self Learning

With Eco IQ, Wiser Air doesn't just learn. It syncs with a homeowner's life, can run on autopilot and maximizes efficiency and comfort.

Built in #1 Ranked Weather Service

With Wiser Forecast, Wiser Air adapts to what's happening outside using the #1 ranked weather service from Schneider Electric.

Innovative Features

Technology packed Wiser Air includes homeowner friendly features such as Comfort Boost that brings homeowners maximum comfort with just the touch of a button. Details on additional features available on wiserhome.com

Utility Program Compatible

Wiser facilitates utility-driven energy management and dynamic price programs and empowers homeowners to monitor and increase energy efficiency.

Utility Messaging

Embedded with ZigBee & Wi-Fi communication and OpenADR ready, Wiser fosters two-way communication by enabling the utility to display messaging on multiple devices.

Mobile App and Web Portal

Wiser Air works with a robust yet easy to use app and user interface to give homeowners the power to see and control their energy use from smart devices.

Compatible with External Devices

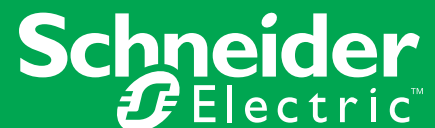

Wiser Air works with load control switches, panel meters, smart plugs, EV chargers and solar panels for increased visibility and control.

Make the Wiser choice.

Wiser Air is a complete home energy management solution that gives homeowners peace of mind through effortless control of comfort and savings.

Make the most of your energySM

Consumer Engagement

Demand Response

Energy Efficiency
